Lansing, Mi 48909

Re: Interior Designers Licensure Act (HB4772)
Amendment to Construction Code Act (HB 4770)

Dear Representative Meisner:

I wanted to contact you to let you know I am in support of the above mentioned House Bills. I am a CMKBD, Certified Master Kitchen and Bath Designer. I do not agree with the stand of our National Organization on these bills.

I also serve as a Chapter Representative from the Michigan State Chapter of the NKBA. I wish to let you know that there are many of our members that are on the same side as myself and not on the side of National.

Our National organization has decided to take the stand that they will not support "ANY" legislation. I think an organization that represents 50 different states need to take individual looks at each bill. Because each bill through the states have not been created equal. Each state has individual issues and you can not blanket these.

As a Chapter Representative, I have sat in and discussed the matter many times to no avail. It seems that the National Organization does not want to hear its people.

I, therefore, want it known that myself as a Certified Master Kitchen and Bath Designer, supports this bill and does not agree with our National Organization. I also wish it be know that the majority of our state chapter membership also support this bill. Please do all you can to continue in this effort.

Sincerely,

Linda M. Welch, CMKBD, ASID
Chapter Representative, Michigan State Chapter NKBA
